

Magic Magnet® (Pins and Memo Holders)

- Strong enough for your thickest winter jacket.
- Can hold up to 10 full sheets of paper to any metal object

Our Magic Magnets® pins are made with two super strength magnets and a photo quality domed imprint facing. They are available in any shape and size with no die charges. They are an excellent alternative to lapel pins or tie pins without damaging clothing and much easier to put on.

When not being used as a magnetic pin they can be used as super strength memo holder or paper clip. The Magic Magnet® comes with our professional "Executive Style Packaging" clamshell which easily allows the insertion of a business card for additional marketing impact.
