

# DOMED DECALS; SKINS; WINDOW CLINGS

## Static Clings

Our photo-quality imprints are coated with a crystal clear doming resin on a Static Cling (Item PCW), Permanent Adhesive (Item PDD) or Repositionable Adhesive (Item PRS). Our domed coating is tough yet flexible with UV, scratch and scuff resistant properties and can be produced in any shape and size without setup or die charges.

Domed decals can be used in all applications from industrial environments to extreme outdoor applications on plastic, metal or glass surfaces. You can see and feel the difference of our domed coating and it will significantly enhance your marketing message on any appliance, laptop, vehicle or electronic game. Our domed decals can also be used with a dry erase marker and can also be individually personalized.
